

North East Goldfish Society

For Goldfish enthusiasts in the North East of England

The Society exists to promote friendship and communication, without prejudice, between all Goldfish enthusiasts and to encourage the popularity of the Goldfish in all of its forms.

The Society was originally formed to fill a gap which existed in the North East of England, i.e. There are no societies within about 150 miles which in effect prevented the members from taking a more active roll at meetings organised by other Goldfish Societies

Meetings are currently held bi-monthly on the second Sunday afternoon at 2pm, during January, March, May, July, September and November. Please see our contact page on our website for the location of these meetings.

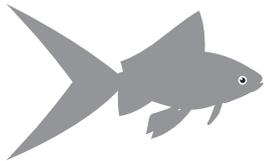

At present members will receive Newsletters two weeks before each meeting informing them of future events, member's articles, fish for sale, and any other developments in the Goldfish Hobby. To aid the Newsletter editor it is hoped that all members will take an active roll in writing articles etc.

Thank you for your interest. Please complete this Membership Application form and post it to:

The NEGS Membership Secretary, 41 Grizedale, Washington, Tyne and Wear NE37 1TZ

We look forward to hearing from you!

Carefully detach, fill in and send to us!
